

SPACECRAFT COMPONENTS CORP.

YOUR CONNECTOR CONSULTANT SINCE 1962

SecureSeal

SCDSR Series Connectors

Dust & sand resistant, high-vibration connectors with a self-locking coupling nut for MIL-drive systems.

KwikSnap CONNECTORS

SCTAC

Snap-on locking with spring-loaded contacts allowing 10,000 mating cycles. IP67, dust, sand and humidity resistant.

SecureVibe

Double Flange & PCB Connectors

High-vibration connectors with PCB mount contacts for easy board assembly.

DuraLock

Reverse Bayonet Coupling

Hybrid connector series for high density with reverse bayonet mating style.

KWIKRELEASE

Quick Disconnect Connectors

Push-Pull AS50151 style connectors utilizing an integrated backshell and available with various mating and separation forces.

PowerBand

High Current Contacts

High current contacts for AS50151 that can handle up to 500 amps featuring low insertion force and up to 10,000 mating cycles.

QTyBand

MADE IN THE USA

Termination Bands M85049/128-

Featuring a secure locking system and easy termination. This cost-effective option is an essential part of any cable assembly.

Integrated Backshell Connectors

AS50151, AS95234, MIL-DTL-26482, MIL-DTL-38999 & Reverse Bayonet

Use of this style eliminates the need for backshells when shield banding, shrink boots or overmolding are required. M85049/128 bands available.

AS50151 Series I
MS310*

Threaded coupling with solder or crimp contact.

Reverse Bayonet
AS95234 Type

One-third turn reverse bayonet coupling with solder or crimp contacts. Shells in aluminum, brass or stainless steel.

SCPT & SCPC
MIL-DTL-26482 Style Connectors

Bayonet or threaded multi-pin cylindrical miniature connectors available in crimp or solder termination.

MIL-DTL-22992 (Commercial) Class C, J or R
MS1734*

Double-start threaded coupling with 5 keyways. Available with crimp or solder contacts and shells in aluminum or stainless steel.

Crimp Contact Wire Adapters
MS3348*

Reduce or increase your existing crimp wire gage without having to replace your existing connector system.

Flange Gaskets
(M85049/130-)

Conductive or non-conductive available in neoprene, silicone, fluorosilicone and viton.

Military & Commercial Dust Caps & Dummy Receptacles
AS50151, AS95234, MIL-DTL-22992,
MIL-DTL-26482, MIL-DTL-38999,
MIL-DTL-83723 & Reverse Bayonet

Dust caps protect your connectors from the environment when unmated. Dummy receptacles help maintain connector mating cycles.

Filtered Connectors and Inserts

A wide assortment of Cylindrical and "D" type filtered inserts and connectors, including custom filtering solutions.

SPACECRAFT AT A GLANCE

Your Connector
Consultant
Since 1962

Founded in 1962, Spacecraft is a family-owned, leading manufacturer and distributor of cylindrical connectors for the railways/transit, military, aerospace and various harsh environment markets.

As a Manufacturer, Spacecraft's core focus is manufacturing reverse bayonet and AS50151 connectors. Our extensive engineering and manufacturing experience in harsh environment cylindrical connectors provides the opportunity to offer a broad range of derivative connector products within a short period of time with an assurance of exceptional quality.

As a Distributor, Spacecraft has developed key partnerships with world-class manufacturers whose products encompass MIL-SPEC and harsh environment industrial connectors. We are an authorized MIL-STD-790 value-added assembler for our principal connector manufacturers, such as Souriau, Delphi, Reiku, Corsair, Sunbank, Astro Tool Corp. and Ulti-Mate. We stock a vast amount of QPL components enabling us to provide an assortment of completed QPL connectors within a three-day turnaround.

As an Organization, Spacecraft prides itself on providing consultative service by utilizing our greatest asset: Our People!

Spacecraft invites you to tour our best-in-class facility located in North Las Vegas, Nevada, USA.

Spacecraft's Strengths & Capabilities

- MIL-STD-790 Certified
- Technical Solutions Oriented
- A Consultative Sales Team
- Vertically Integrated
- Supporter of the Buy America Act
- Veteran Owned

48 Hour Power

You have our commitment to assemble and deliver stock-to-build products from Souriau and Corsair within 48 Hours.

CIDS (Connector Identification System)

Your Online Source for MIL-SPEC Cylindrical Connectors

- Access to MIL-SPEC Data Sheets in an Instant
- Identify Crimp Tools for Your Contacts
- Identify the Mating Connector
- Identify the Accessories for Your Connector

Exceeding Your Quality Expectations

Spacecraft Components Corp. warrants to the original purchaser that it will correct by replacement any defect in workmanship or in-operation of any component purchased from Spacecraft Components Corp. for the life of the equipment in which the component is originally and properly installed. This agreement and warranty supersedes all other warranties expressed or implied.

Mission Statement

To provide a work environment where our employees can meet their potential and thrive in an atmosphere of excellence by utilizing their strengths and attributes towards supporting our customers, thereby providing superior products and exceptional service which helps our customers gain a competitive advantage in their markets.

VALUE ADDED DISTRIBUTION

MIL-DTL-26482

Esterline
SOURIAU

Bayonet locking 26482 Series I solder and crimp connectors for military, industrial and geophysical applications. MIL-DTL-38999 series I, II, III and Micro 38999, including RoHS compliant MIL-approved black zinc nickel connectors for MIL-Aero, ground army and avionic applications.

MIL-DTL-38999

CORSAIR
ELECTRICAL CONNECTORS

MIL-DTL-26482 Series II
AS50151 Series III

Miniature MIL-DTL-26482 series II bayonet locking connectors with crimp contacts and heavy duty harsh environment AS50151 Series III threaded connectors featuring rear re-release crimp contacts.

Backshells
M85049

Esterline
Sunbank

MIL qualified EMI/RFI environment backshells, strain reliefs, shrink boot adapters and accessories for MIL-SPEC connectors.

ROBERT
TECHNOLOGIES INC.

MIL-DTL-22992 Class L
AS81703 Series I

High power high reliability connectors for military, commercial and industrial applications.

QPL Listed Contacts
M39029

precip-dip

High quality precision machined contacts for harsh environments featuring patented reverse clip technology.

DELPHI™

Fiber-Optic Connectors
M28876

M28840

MIL-DTL-28840 connectors provide harsh environment, high contact density and RFI/EMI shielding to meet the most demanding military requirements. MIL-PRF-28876 fiber optic connector feature low optical insertion loss, repeatability and strain relief technology.

Micro-D &
Nanominiature
MIL-DTL-83513

Ulti-Mate
Connector Inc.

Micro-D, Nano and custom connectors for MIL-aero, industrial, and commercial aviation applications.
